

Canadian Journal of Ophthalmology Journal canadien d'ophtalmologie

ANNUAL INDEX

Volume 15 – 1980

Dr. Clement McCulloch

Editores Emeriti

Dr. Howard Reed

Dr. Cecil Ewing

Editor-in-Chief/Rédacteur en chef

Dr. Donald Mills
505-200 Queen's Ave.
London, Ont.
N6A 1J3

Assistant editors/Rédacteurs adjoints

Ann Bolster

Dr. N.R. Willis

Editorial Board/Bureau de rédaction

Dr. Iain S. Begg

Dr. T.A.S. Boyd

Dr. Jean Réal Brunette

Dr. I.A. Chisholm

Dr. Gilles Côté

Dr. P.L. Davis

Dr. R. LeBlanc

Dr. Claude Monfette

Dr. John F. Morgan

Dr. Rod Morgan

Dr. R.J. Schneider

Dr. John Speakman

Translation editor/Rédacteur à la traduction

Dr. Jean Réal Brunette

Index of Subjects

- Acid phosphatase:
 - Damage to corneal endothelial cells by lysosomal enzymes in stored human eyes, Basu PK, et al, 137
- Actinomycetes:
 - Canaliculitis: review of 12 cases, Demant E, et al, 73
- Adenosine:
 - Effect of dextran on corneas perfused at an increased pressure, Peyman GA, et al, 81
- Alpha-receptor blockers, adrenergic:
 - Effect of thymoxamine and pilocarpine on the depth of the anterior chamber, Saheb NE, et al, 170
- Amaurosis fugax:
 - Amaurosis fugax (E), Sweeney VP, 59
- Amikacin:
 - Relative efficacy of the topical use of amikacin, gentamicin and tobramycin in experimental *Pseudomonas* keratitis, Davis SD, et al, 28
- Amyloidosis:
 - Optic neuropathy in primary orbital amyloidosis, Finlay KR, et al, 189
- Anterior chamber:
 - Effect of thymoxamine and pilocarpine on the depth of the anterior chamber, Saheb NE, et al, 170
- Anterior chamber cleavage syndrome:
 - Peter's anomaly with congenital aphakia, Harris R, et al, 91
- Aphakia, congenital:
 - Peter's anomaly with congenital aphakia, Harris R, et al, 91
- Aqueous humour:
 - Damage to corneal endothelial cells by lysosomal enzymes in stored human eyes, Basu PK, et al, 137
 - Proportions of T- and B-lymphocytes in preauricular lymph nodes and aqueous humour of rabbits showing corneal graft reactions, Ohashi K, et al, 30
- Automatic data processing:
 - Automatic perimetry (E), Douglas GR, 107
- Biosynthesis:
 - The formation of collagen and its relation to ophthalmic diseases (first of two parts), Matuk Y, et al, 61
 - (second of two parts), Matuk Y, et al, 111
- B-lymphocytes:
 - Proportions of T- and B-lymphocytes in preauricular lymph nodes and aqueous humour of rabbits showing corneal graft reactions, Ohashi K, et al, 30
- Beta-receptor blockers, adrenergic:
 - Topical timolol therapy and cardiopulmonary function (E), Burggraf GW, et al, 159
- Canaliculitis:
 - Canaliculitis: review of 12 cases, Demant E, et al, 73
- Carcinoma:
 - Epidermoid carcinoma of the lacrimal sac: a clinicopathological case report, Khalil MK, et al, 40
 - Sebaceous gland carcinoma of the lid, Khalil MK, et al, 117
- Cataracts:
 - Modelling cortical cataractogenesis: 1. In vitro effect of glucose, sorbitol and fructose on intact rat lenses in medium 199, Creighton MO, et al, 183
 - Décollement de la membrane de Descemet dans la chirurgie de la cataracte, Dowlut SM, et al, 122
- Chandler's syndrome:
 - Electron microscopy in iris nevus syndrome, Khalil MK, et al, 44
- Chalcosis:
 - Electroretinographic alterations in retinal metallosis, Brunette JR, et al, 176
- Cherry-red spot-myoclonus syndrome:
 - Sialidosis: the cherry-red spot-myoclonus syndrome, Kirkham TH, et al, 35
- Choroideremia:
 - Pathological findings from two cases of choroideremia, Ghosh M, et al, 147
- Cigarette smoke:
 - Effect of cigarette smoke on the surface structure of the conjunctival epithelium, Basur PK, et al, 20
- Collagen:
 - The formation of collagen and its relation to ophthalmic diseases (first of two parts), Matuk Y, et al, 61
 - (second of two parts), Matuk Y, et al, 111
- Coloboma:
 - Congenital pits of the optic nerve head and retinochoroidal colobomas, Brown GC, et al, 144
- Congenital defects:
 - Congenital pits of the optic nerve head and retinochoroidal colobomas, Brown GC, et al, 144
 - Ocular defects and short stature, Polomeno RC, et al, 125
- Conjunctiva:
 - Effect of cigarette smoke on the surface structure of the conjunctival epithelium, Basur PK, et al, 20
- Conjunctival cyst:
 - Mucosal cyst of lacrimal gland fossa simulating lacrimal gland neoplasm, Fiander D, et al, 87
- Conjunctivitis:
 - Canaliculitis: review of 12 cases, Demant E, et al, 73
- Cornea:
 - Damage to corneal endothelial cells by lysosomal enzymes in stored human eyes, Basu PK, et al, 137
 - Effect of dextran on corneas perfused at an increased pressure, Peyman GA, et al, 81
 - Quantitative correlation between the reduction of nitroblue tetrazolium and the oxygen uptake of corneal cells, Hasany SM, et al, 76
- Corneal endothelium:
 - Electron microscopy in iris nevus syndrome, Khalil MK, et al, 44
- Corneal graft:
 - Modified corneal scissors for corneal grafting, McCulloch C, 95
- Corneal graft reaction:
 - Proportions of T- and B-lymphocytes in preauricular lymph nodes and aqueous humour of rabbits showing corneal graft reactions, Ohashi K, et al, 30
- Corneal opacity:
 - Peter's anomaly with congenital aphakia, Harris R, et al, 91
- Cortical response:
 - Sialidosis: the cherry-red spot-myoclonus syndrome, Kirkham TH, et al, 35
- Crystallins:
 - Cell-mediated immunity to lens proteins in rats, Brinkman CJJ, et al, 141
- Cystoid macular edema:
 - Pars plana vitrectomy in the management of the Irvine-Gass syndrome, Young PW, et al, 172
- Dacryocystography:
 - Canaliculitis: review of 12 cases, Demant E, et al, 73
- Dacryocystorhinostomy:
 - Lacrimal sac fibroma, Howcroft MJ, et al, 196
- Descemet's membrane:
 - Décollement de la membrane de Descemet dans la chirurgie de la cataracte, Dowlut SM, et al, 122
- Dextran:
 - Effect of dextran on corneas perfused at an increased pressure, Peyman GA, et al, 81

Diabetes mellitus:

Modelling cortical cataractogenesis: I. In vitro effects of glucose, sorbitol and fructose on intact rat lenses in medium 199, Creighton MO, et al, 183

DNA:

Quantitative correlation between the reduction of nitroblue tetrazolium and the oxygen uptake of corneal cells, Hasany SM, et al, 76

Dwarfism:

Ocular defects and short stature, Polomeno RC, et al, 125

Electron microscopy:

Electron microscopy in iris nevus syndrome, Khalil MK, et al, 44

Electroretinography:

Electroretinographic alterations in retinal metallosis, Brunette JR, et al, 176

Sialidosis: the cherry-red spot-myoclonus syndrome, Kirkham TH, et al, 35

Electroretinographic sensitivity curves:

Decreased ocular light penetration and electroretinographic response time, Brunette JR, et al, 24

Emergency services:

Care of eye injuries in disasters (E), Mallek D, 109

Encephalocele:

Ocular defects and short stature, Polomeno RC, et al, 125

Endothelium:

Damage to corneal endothelial cells by lysosomal enzymes in stored human eyes, Basu PK, et al, 137

Epidemiology:

Epidemiology in ophthalmology (E), Stead S, 2

Esotropia:

Esotropia in a young child (C), Polomeno RC, et al, 55

Essential iris atrophy:

Electron microscopy in iris nevus syndrome, Khalil MK, et al, 44

Eyeglasses:

Progressive-addition lenses in the management of esotropia with a high accommodation/convergence ratio, Jacob J-L, et al, 166

Eye injuries:

Care of eye injuries in disasters (E), Mallek D, 109

Eyelid neoplasms:

Sebaceous gland carcinoma of the lid, Khalil MK, et al, 117

Fibroma:

Lacrimal sac fibroma, Howcroft MJ, et al, 196

Foreign bodies:

Retention of wooden foreign bodies in the orbit, Brock L, et al, 70

Foreign body reaction:

Electroretinographic alterations in retinal metallosis, Brunette JR, et al, 176

Gentamicin:

Relative efficacy of the topical use of amikacin, gentamicin and tobramycin in experimental *Pseudomonas* keratitis, Davis SD, et al, 28

Glaucoma:

Clinical features of thrombotic glaucoma, Kartasheva EA, 134

Effect of thymoxamine and pilocarpine on the depth of the anterior chamber, Saheb NE, et al, 170

Location of early glaucomatous visual field defects, Nicholas SP, et al, 131

Prognostic indicators in ocular hypertension, Chisholm IA, et al, 4

Temporal visual field defects in glaucoma, Werner EB, et al, 13

Topical timolol therapy and cardiopulmonary function (E), Burggraf GW, et al, 159

Globular degeneration:

Modelling cortical cataractogenesis: I. In vitro effects of glucose, sorbitol and fructose on intact rat lenses in medium 199, Creighton MO, et al, 183

Glucose:

Modelling cortical cataractogenesis: I. In vitro effects of glucose, sorbitol and fructose on intact rat lenses in medium 199, Creighton MO, et al, 183

Glutathione:

Effect of dextran on corneas perfused at an increased pressure, Peyman GA, et al, 81

Growth disorders:

Ocular defects and short stature, Polomeno RC, et al, 125

Hereditary diseases:

The formation of collagen and its relation to ophthalmic diseases

(first of two parts), Matuk Y, et al, 61

(second of two parts), Matuk Y, et al, 111

Hypopituitarism:

Ocular defects and short stature, Polomeno RC, et al, 125

Immunity:

Cell-mediated immunity to lens proteins in rats, Brinkman CJJ, et al, 141

Injections:

Concentrations of tritiated methotrexate in ocular compartments, serum and urine after subconjunctival and intravenous injections, Gudauskas G, et al, 179

Iris:

Ocular defects and short stature, Polomeno RC, et al, 125

Iris nevus syndrome:

Electron microscopy in iris nevus syndrome, Khalil MK, et al, 44

Irvine-Gass syndrome:

Pars plana vitrectomy in the management of the Irvine-Gass syndrome, Young PW, et al, 172

Journal:

New format, new editor, 1

The Journal, 1974-1980, Ewing CC, 1

Keratitis:

Relative efficacy of the topical use of amikacin, gentamicin and tobramycin in experimental *Pseudomonas* keratitis, Davis SD, et al, 28

Lacrimal duct obstruction:

Lacrimal sac fibroma, Howcroft MJ, et al, 196

Lacrimal gland:

Mucosal cyst of lacrimal gland fossa simulating lacrimal gland neoplasm, Fiander D, et al, 87

Lacrimal sac:

Epidermoid carcinoma of the lacrimal sac: a clinicopathological case report, Khalil MK, et al, 40

Lacrimal sac fibroma, Howcroft MJ, et al, 196

Lens diseases:

Cell-mediated immunity to lens proteins in rats, Brinkman CJJ, et al, 141

Modelling cortical cataractogenesis: I. In vitro effects of glucose, sorbitol and fructose on intact rat lenses in medium 199, Creighton MO, et al, 183

Light damage:

Renewal of rod outer segments following light-induced damage of the retina, Wyse JPH, 15

Macula lutea:

Review of macular disease, 1979, Mandelcorn MS, 161

Macular degeneration:

Review of macular disease, 1979, Mandelcorn MS, 161

Melanoma:

Ocular melanoma: a population-based study, Birdsell JM, et al, 9

Methotrexate:

Concentrations of tritiated methotrexate in ocular compartments, serum and urine after subconjunctival and intravenous injection, Gudauskas G, et al, 179

- Microphthalmia:**
Peter's anomaly with congenital aphakia, Harris R, et al, 91
- Microvilli:**
Effect of cigarette smoke on the surface structure of the conjunctival epithelium, Basur PK, et al, 20
- Miosis:**
Decreased ocular light penetration and electroretinographic response time, Brunette JR, et al, 24
- Models, biologic:**
Modelling cortical cataractogenesis: I. In vitro effects of glucose, sorbitol and fructose on intact rat lenses in medium 199, Creighton MO, et al, 183
- Mucosal cyst:**
Mucosal cyst of lacrimal gland fossa simulating lacrimal gland neoplasm, Fiander D, et al, 87
- Mydriasis:**
Decreased ocular light penetration and electroretinographic response time, Brunette JR, et al, 24
- Neoplasms**
Epidermoid carcinoma of the lacrimal sac: a clinicopathological case report, Khalil MK, et al, 40
Lacrimal sac fibroma, Howcroft MJ, et al, 196
Mucosal cyst of lacrimal gland fossa simulating lacrimal gland neoplasm, Fiander D, et al, 87
Ocular melanoma: a population-based study, Birdsell JM, et al, 9
Sebaceous gland carcinoma of the lid, Khalil MK, et al, 117
- Neuraminidase:**
Sialidosis: the cherry-red spot-myoclonus syndrome, Kirkham TH, et al, 35
- Nitroblue tetrazolium:**
Quantitative correlation between the reduction of nitroblue tetrazolium and the oxygen uptake of corneal cells, Hasany SM, et al, 76
- Nystagmus:**
Sialidosis: the cherry-red spot-myoclonus syndrome, Kirkham TH, et al, 35
- Ocular absorption:**
Concentrations of tritiated methotrexate in ocular compartments, serum and urine after subconjunctival and intravenous injection, Gudauskas G, et al, 179
- Ocular hypertension:**
Prognostic indicators in ocular hypertension, Chisholm IA, et al, 4
- Ophthalmology:**
Epidemiology in ophthalmology (E), Stead S, 2
- Optic disc:**
Congenital pits of the optic nerve head and retinochoroidal colobomas, Brown GC, et al, 144
Ocular defects and short stature, Polomeno RC, et al, 125
- Optic nerve:**
Ocular defects and short stature, Polomeno RC, et al, 125
- Orbit:**
Optic neuropathy in primary orbital amyloidosis, Finlay KR, et al, 189
Retention of wooden foreign bodies in the orbit, Brock L, et al, 70
- Orbital neoplasms:**
Mucosal cyst of lacrimal gland fossa simulating lacrimal gland neoplasm, Fiander D, et al, 87
- Outer segment renewal:**
Renewal of rod outer segments following light-induced damage of the retina, Wyse JPH, 15
- Oxygen:**
Quantitative correlation between the reduction of nitroblue tetrazolium and the oxygen uptake of corneal cells, Hasany SM, et al, 76
- Pars plana:**
Pars plana vitrectomy in the management of the Irvine-Gass syndrome, Young PW, et al, 172
- Peak time:**
Decreased ocular light penetration and electroretinographic response time, Brunette JR, et al, 24
- Perfusion:**
Effect of dextran on corneas perfused at an increased pressure, Peyman GA, et al, 81
- Perimetry:**
Automatic perimetry (E), Douglas GR, 107
Location of early glaucomatous visual field defects, Nicholas SP, et al, 131
Temporal visual field defects in glaucoma, Werner EB, et al, 13
- Peter's anomaly:**
Peter's anomaly with congenital aphakia, Harris R, et al, 91
- Pharmacokinetics:**
Concentrations of tritiated methotrexate in ocular compartments, serum and urine after subconjunctival and intravenous injection, Gudauskas G, et al, 179
- Pigment epithelium of eye:**
Pathological findings from two cases of choroideremia, Ghosh M, et al, 147
- Pilocarpine:**
Effect of thymoxamine and pilocarpine on the depth of the anterior chamber, Saheb NE, et al, 170
- Pituitary gland:**
Ocular defects and short stature, Polomeno RC, et al, 125
- Preauricular lymph nodes:**
Proportions of T- and B-lymphocytes in preauricular lymph nodes and aqueous humour of rabbits showing corneal graft reactions, Ohashi K, et al, 30
- Preretinal hemorrhage, yellow:**
Yellow coloration of preretinal (subhyaloid) hemorrhages associated with a sudden increase in intravascular pressure, Harris GS, 66
- Pseudomonas infections:**
Relative efficacy of the topical use of amikacin, gentamicin and tobramycin in experimental *Pseudomonas* keratitis, Davis SD, et al, 28
- Radiometric ear index technique:**
Cell-mediated immunity to lens proteins in rats, Brinkman CJJ, et al, 141
- Response time:**
Electroretinographic alterations in retinal metallosis, Brunette JR, et al, 176
- Retina:**
Renewal of rod outer segments following light-induced damage of the retina, Wyse JPH, 15
- Retinal detachment:**
Familial retinal dialysis, Brown GC, et al, 193
- Retinal dialysis:**
Familial retinal dialysis, Brown GC, et al, 193
- Retinal diseases:**
Congenital pits of the optic nerve head and retinochoroidal colobomas, Brown GC et al, 144
Pathological findings from two cases of choroideremia, Ghosh M, et al, 147
- Retinal vein thrombosis:**
Clinical features of thrombotic glaucoma, Kartasheva EA, 134
- Rods:**
Decreased ocular light penetration and electroretinographic response time, Brunette JR, et al, 24
- Scanning electron microscopy:**
Effect of cigarette smoke on the surface structure of the conjunctival epithelium, Basur PK, et al, 20
- Schirmer tear test:**
Reliability of the Schirmer tear test (C), Patton TF, 101; Feldman F, Wood M, 101

- Scissors:**
Modified corneal scissors for corneal grafting, McCulloch C, 95
- Scotoma:**
Location of early glaucomatous visual field defects, Nicholas SP, et al, 131
- Sebaceous gland neoplasms:**
Sebaceous gland carcinoma of the lid, Khalil MK, et al, 117
- Sialidosis:**
Sialidosis: the cherry-red spot-myoclonus syndrome, Kirkham TH, et al, 35
- Siderosis:**
Electroretinographic alterations in retinal metallosis, Brunette JR, et al, 176
- Sorbitol:**
Modelling cortical cataractogenesis: I. In vitro effects of glucose, sorbitol and fructose on intact rat lenses in medium 199, Creighton MO, et al, 183
- Spindle cell:**
Ocular melanoma: a population-based study, Birdsell JM, et al, 9
- Strabismus:**
Progressive-addition lenses in the management of esotropia with a high accommodation/convergence ratio, Jacob J-L, et al, 166
Muscle recession with a suture loop in rabbits, Lang RM, et al, 84
- Survival:**
Ocular melanoma: a population-based study, Birdsell JM, et al, 9
- Suture loop recession:**
Muscle recession with a suture loop in rabbits, Lang RM, et al, 84
- Swelling:**
Effect of dextran on corneas perfused at an increased pressure, Peyman GA, et al, 81
- Temporal field defect:**
Temporal visual field defects in glaucoma, Werner EB, et al, 13
- Thymoxamine:**
Effect of thymoxamine and pilocarpine on the depth of the anterior chamber, Saheb NE, et al, 170
- Timolol:**
Topical timolol therapy and cardiopulmonary function (E), Burggraf GW, et al, 159
- T-lymphocytes:**
Proportions of T- and B-lymphocytes in preauricular lymph nodes and aqueous humour of rabbits showing corneal graft reactions, Ohashi K, et al, 30
- Tobramycin:**
Relative efficacy of the topical use of amikacin, gentamicin and tobramycin in experimental *Pseudomonas* keratitis, Davis SD, et al, 28
- Triage:**
Care of eye injuries in disasters (E), Mallek D, 109
- Usher's syndrome:**
The patient's view: Usher's syndrome, 51
- Valsalva maneuver:**
Yellow coloration of preretinal (subhyaloid) hemorrhages associated with a sudden increase in intravascular pressure, Harris GS, 66
- Viability:**
Quantitative correlation between the reduction of nitroblue tetrazolium and the oxygen uptake of corneal cells, Hasany SM, et al, 76
- Visual field defects:**
Temporal visual field defects in glaucoma, Werner EB, et al, 13
- Visual fields:**
Location of early glaucomatous visual field defects, Nicholas SP, et al, 131
Prognostic indicators in ocular hypertension, Chisholm IA, et al, 4
- Vitrectomy:**
Pars plana vitrectomy in the management of the Irvine-Gass syndrome, Young PW, et al, 172
Miniaturization of the vitrophage: vitrectomy instrument, Peyman GA, 49

Index of Authors

- Augsburger JJ: see Brown GC
- Basrur PK, Basu PK:
Effect of cigarette smoke on the surface structure of the conjunctival epithelium, 20
- Basu PK: see Basrur PK
see Hasany SM
see Ohashi K
- Basu PK, Hasany SM, Ranadive NS, Chipman M:
Damage to corneal endothelial cells by lysosomal enzymes in stored human eyes, 137
- Basu R: see Hasany SM
- Beaulieu Y: see Jacob J-L
- Beraskow J: see Werner EB
- Birdsell JM, Gunther BK, Boyd TA, Grace M, Jerry LM:
Ocular melanoma: a population-based study, 9
- Boyd TA: see Birdsell JM
- Brinkman CJJ, Broekhuysse RM:
Cell-mediated immunity to lens proteins in rats, 141
- Brock L, Tanenbaum HL:
Retention of wooden foreign bodies in the orbit, 70
- Broekhuysse RM: see Brinkman CJJ
- Brown GC, Augsburger JJ:
Congenital pits of the optic nerve head and retinochoroidal colobomas, 144
- Brown GC, Tasman WS:
Familial retinal dialysis, 193
- Brownstein S: see Fiander D
see Harris R
- Brunet E: see Jacob J-L
- Brunet M: see Dowlut SM
- Brunette JR, Olivier P, Lafond G:
Decreased ocular light penetration and electroretinographic response time, 24
- Brunette JR, Wagdi S, Lafond G:
Electroretinographic alterations in retinal metallosis, 176
- Burggraf GW, Munt PW:
Topical timolol therapy and cardiopulmonary function (E), 159
- Chipman M: see Basu PK
- Chisholm IA, Stead S, Tan L, Melenchuk JW:
Prognostic indicators in ocular hypertension, 4
- Connolly WES: see Polomeno RC
- Coupland SG: see Kirkham TH
- Creighton MO, Stewart-DeHaan PJ, Ross WM, Sanwal M, Trevithick JR:
Modelling cortical cataractogenesis: I. In vitro effects of glucose, sorbitol and fructose on intact rat lenses in medium 199, 183
- Davis SD, Sarff LD, Hyndiuk RA:
Relative efficacy of the topical use of amikacin, gentamicin and tobramycin in experimental *Pseudomonas* keratitis, 28
- Demant E, Hurwitz JJ:
Canaliculitis: review of 12 cases, 73
